

DEEMA HAMMOURI

UI | UX DESIGNER

Amman, Jordan | deemamohammad395@gmail.com | 0799458452
Portfolio: behance.net/deemahammouri | LinkedIn: linkedin.com/in/deema-hammouri

SUMMARY

UI/UX Designer with a strong foundation in Software Engineering and solid knowledge of the full UX design lifecycle, from problem discovery and user research to wireframing, prototyping, and usability validation. Focused on creating intuitive, user-centered digital experiences using Figma, guided by UX frameworks, usability principles, and design systems. Passionate about solving real user problems, enhancing accessibility, and translating complex ideas into clear, functional design solutions.

EDUCATION

Bachelor of Software Engineering **2021 – 2025**
Jordan University of Science and Technology (JUST)

EXPERIENCE

UI/UX Intern **Oct 2025– Feb 2026**
Al-Hussein Technical University (HTU)

Total UX/UI Training & Practice: 340+ Hours
(Technical UX/UI: 180+ | English for Business: 100+ | Soft Skills: 60+)

- Designed end-to-end UX/UI solutions by working through all stages of the UX process, from idea definition and problem framing to final UI design.
- Conducted user research to understand user needs, pain points, and behaviors, translating findings into actionable design decisions.
- Created user personas, user journeys, task flows, and information architecture to structure clear and intuitive experiences.
- Designed low-fidelity wireframes and iterated into high-fidelity UI designs and interactive prototypes using Figma.
- Applied UX frameworks and usability principles commonly used in modern digital products and widely adopted applications.
- Contributed to and worked within design systems to maintain visual consistency, scalability, and usability across screens.
- Improved usability and accessibility by refining layouts, hierarchy, spacing, typography, and interaction states.

PROJECTS

Hekayat Makan (حكاية مكان) – UX/UI Case Study

Portfolio case study: behance.net/deemahammouri

A digital heritage experience platform centered on storytelling and place-based narratives. The project explores how UX design can preserve cultural memory by transforming physical locations into meaningful digital experiences. The solution focuses on emotional engagement, accessibility, and intuitive user journeys that connect people with place and identity.

SKILLS

Tools:

Figma | FigJam | Miro | Notion | Figma Make | Brono AI | AI-Assisted Design Tools (Ideation, Wireframing, UX Writing)

UX / UI Skills:

Wireframing | Prototyping (Low & High Fidelity) | Design Systems | Usability Testing | User Flow Mapping | Responsive Design Principles | Interaction Design | Information Architecture

Technical Skills:

UX Research (Qualitative & Quantitative Basics) | User Personas & Journey Mapping | UX Writing | Accessibility & Usability Fundamentals | Product Thinking | Web & Mobile UI Design

Soft Skills:

Problem Solving | Clear Communication | Attention to Detail | Creativity | Team Collaboration | Time Management

LANGUAGES

Arabic — Native

English — Professional Working Proficiency
